Tri-Village Bowhunters
PO Box 22
Nassau, NY 12123

Dear Christine Brennan:

My name is SSG Erik Lynch of the 1st CST 1/3 ACR Q-west Iraq. We are out of Ft Hood, TX. We wanted to thank you for the magazines that you sent to us. We are trying to set up a Compound Bow Archery range here. This will definitely increase the morale for many of the soldiers here. We have already received permission to do so and there is about 10 of us so far that have our bows in the mail. You asked if there is anything we need or would like to have. I have spoken with the guys here and these are the wishes that we have come up with. We will currently be using cardboard boxes etc for our targets. It would be very nice if we could get a couple of GlenDel style or other 3D Deer Targets to help set up our range. Luminocks nocks would also be nice. We could also use some Hunting videos and magazines. Large paper or other material targets we could staple to a 4x4 cardboard box. We really thank you for your support. You are the first Hunting club or organization that we have received any support from. Once all of our bows get here and we get the range running we will send you some photos of all of us to say thank you

Sincerely,

Erik Lynch
